1. What cookies are

Cookies and similar technologies are small data files or identifiers used by websites to remember settings, support features, protect security, and understand site activity.

2. Cookies used on the Brew & Be Heard website

The Brew & Be Heard website is hosted on Wix and uses essential cookies and similar technologies needed for core site functions, security, bookings, payments, and user preferences.

The site may also use optional functional, analytics, or marketing technologies when those features are enabled. Where consent is required, non-essential technologies should not be activated until the visitor makes a choice through the site's cookie-consent tools.

3. Third-party technologies

Wix and other third-party services used on the site may place or read cookies or similar technologies as part of the services they provide. Their practices are governed by their own privacy and cookie notices.

Because site features and integrations can change, the categories visible in the site's cookie-consent tool or cookie scan provide the most current operational information about cookies detected on the website.

4. Your choices

Where available, you can accept, reject, or adjust non-essential cookie categories through the cookie banner or privacy control on the website. You can also use your browser settings to block or delete cookies, although doing so may affect site functions.

5. Updates

This notice may be updated when website features, service providers, or tracking technologies change.

6. Contact

Questions about cookies or tracking may be sent to brewandbeheard@gmail.com.
